

HASHARA AMALI

Software Quality Assurance Engineer

(+94)75 9925559 · hmhasharaamali@gmail.com · www.linkedin.com/in/hashara-amali

ABOUT ME

Detail-oriented Software Quality Assurance Engineer with 2+ years of experience in manual testing of web and mobile applications, including 1 year of hands-on experience in automation testing using Selenium WebDriver (Java). Skilled in designing test cases, executing functional, regression, smoke, and exploratory testing, and identifying defects early to ensure reliable, user-focused software. Currently strengthening automation skills further through independent, self-driven practice. Comfortable working in Agile/Scrum teams, collaborating closely with developers and stakeholders throughout the SDLC.

WORK EXPERIENCE

SANKARAA Tec | Dec 2024 – Present

Software QA Engineer

- Perform manual testing for web and mobile applications, ensuring functionality, usability, and performance.
- Design and execute detailed test cases and test scenarios based on business and UI requirements.
- Conduct functional, regression, smoke, and exploratory testing across multiple releases.
- Identify, log, and track defects using Jira, working closely with developers for quick resolution.
- Participate in sprint planning, daily stand-ups, UAT support, and release validation.

Key Achievements

- **Achieved 85%+ test coverage across assigned applications.**
 - **Improved product stability by maintaining a high defect detection rate before release.**
-

Enhancer Pvt Ltd | Apr 2023 – Nov 2024

Associate Software QA Engineer

- Delivered manual and Selenium-based automation testing for web applications.
- Developed and maintained Selenium WebDriver test scripts using Java and Page Object Model (POM).
- Automated regression and smoke test suites for critical user flows such as login, validations, and core features.
- Ensured test scripts remained up to date with UI and requirement changes.
- Collaborated with cross-functional teams to validate fixes and enhancements.

Key Achievements

- **Improved QA efficiency by achieving 72% test execution accuracy.**
- **Reduced production defects through consistent regression testing.**

Enhancer Pvt Ltd | Sep 2022 – Mar 2023

QA Engineer Intern

- Supported manual testing for web and mobile applications.
- Executed test cases and documented test results clearly.
- Assisted senior QA engineers in regression and release testing.

Key Achievements

- Contributed to improved software quality with effective defect identification.

SKILLS

Testing Types

Manual Testing, Automation Testing, Functional Testing, Regression Testing, Smoke Testing, Exploratory Testing, System Testing, UI/UX Testing, UAT

Automation & Technical

Selenium WebDriver, Java, SQL, OOP Concepts, REST API Testing

Tools

Jira, Azure DevOps, TestRail, Postman

Platforms

Web Applications, Mobile Applications (Android & iOS)

Methodologies

Agile / Scrum, SDLC, STLC, CI/CD

EDUCATION

BSc (Hons) in Computing

Wrexham Glyndŵr University – UK | 2025 – 2026

Higher Diploma in Information Technology

University of Moratuwa | 2018 – 2022

Diploma in Information Technology

Wayamba University of Sri Lanka | 2018

CERTIFICATIONS

Software Testing Foundations: Test Techniques - LinkedIn

Selenium WebDriver & Java – Udemy

Continuous Delivery and Release Pipelines with Azure DevOps – University of Minnesota

Java Programming and Software Engineering Fundamentals – Duke University
